A valid vaccination against rabies is mandatory. This is the case if the animal was at least 3 months old at the time of the basic immunization against rabies and a period of 21 days has passed since then. The period of validity depends on the respective approval of the vaccine manufacturer. If it is longer than 1 year, this must be noted in the vaccination certificate by the vaccinating veterinarian. Exhibitors from abroad (EU and contracting states) need the EU pet ID card and identification of the animal with a "Microhip" transponder). In addition, vaccination against feline distemper and cat flu is mandatory. The vaccine used determines how long the vaccine is valid for. An audiometric hearing certificate for white cats of all breeds is required. Cats from abroad need the EU pet passport. All cats must be microchipped.

Participation is at your own risk. Recourse claims cannot be asserted. The KfB e.V. assumes no liability for damage, including damage to persons, caused by cats on display. Judges' judgments, once given, are final. The cats must be in the decorated cages, equipped with curtains, a mat, water, food, litter box, toys and a retreat area for the entire duration of the exhibition.

Entries from free clubs and other FIFé Clubs require confirmation from your club.
